Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

History of the file record:

1. The amendment filed 10/5/2000 showed there was only a change in "a" to "the" in claim 1, but inadvertently omitted the deletion of "in said microprocessor".
2. The subsequent amendment filed 3/3/2008 showed the deletion of "in said microprocessor" in claim 1.

Prosecution history:

3. The previous examiner indicated claim 1 is allowable in the Office Action dated 7/16/2003 *because* he saw only the change from "a" to "the" in claim 1.
4. Based on the subsequent amendment filed 3/3/2008 showing the deletion of "in said microprocessor", the allowability of claim 1 is in question because of the lack of showing that the claimed "in said microprocessor" has been deleted from claim 1.

Therefore, the above issues regarding claim 1 and the newly added limitations to the rest of the independent claims raises new issues and requires further consideration.
